

EXPORTING RESULTS

Step #1 File Export

Step #2 Results for Team Manager or SWIMS or NCAA Database

The screenshot displays the 'Swim MEET MANAGER - Database: C:\swmeets5\Sachem East.mdb' application window. The 'File' menu is open, and the 'Export' option is selected, which has opened a sub-menu. In this sub-menu, the option 'Results for Team Manager or SWIMS or NCAA Database' is highlighted. The main window background features a large image of a swimmer and a hand holding a smartphone. On the right side, there is a 'Pre-Meet Check List' with various options like 'Meet Set-up', 'Events', 'Sessions', 'Records', and 'Time Standards'. Below this is a 'Preferences' section with options like 'Athlete Preferences', 'Seeding Preferences', 'Report Preferences', 'Entry Preferences', and 'Directory Preferences'. Further down are 'Other Settings' and 'Interfaces' sections. At the bottom right, there is a 'Check off completed tasks' section with a 'Hide Check List' button. The bottom of the window shows the Windows taskbar with various icons and the system clock indicating 9:18 AM on 10/9/2014. A watermark for 'ACTIVEHy-Tek' is visible in the bottom right corner of the application window.
